The Club Car Wine Club

Consider our Wine Club as a great way to taste and discover new wines or the perfect gift for someone on your list who loves wine. We supply one red and one white wine per month, a value of \$25.00 to \$35.00 with a minimum of a six-month commitment. The cost for both wines is only \$19.99 per month plus tax. There is an additional charge for shipping in the event you would like to have your wine shipped. A big advantage to you as a Wine Club Member is a 10% discount off the regular price for additional purchases of the Wine Club wines. This offer stands as long as the wines are available.

Your choice of payment:

- We will charge your credit card at the beginning of each month.
- Pay for the entire six months. (Cash, Check or Credit Card)

The wines are available for pick up by the 5th of each month.

Another advantage for being a Wine Club Member is that you will receive a 5% discount on any other purchases you make on the day you pick up your Wine Club wine (includes food and front end merchandise). We continue to offer a 10% discount on any full case purchases (Wines may be mixed).
